Chapter 5: Chiaia Under Pressure

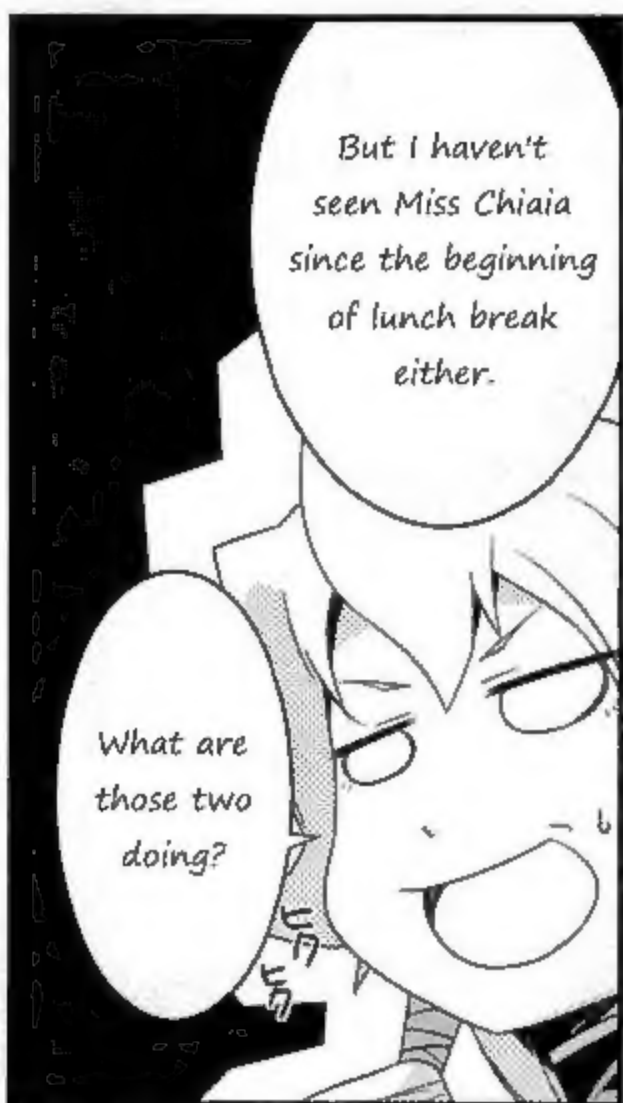

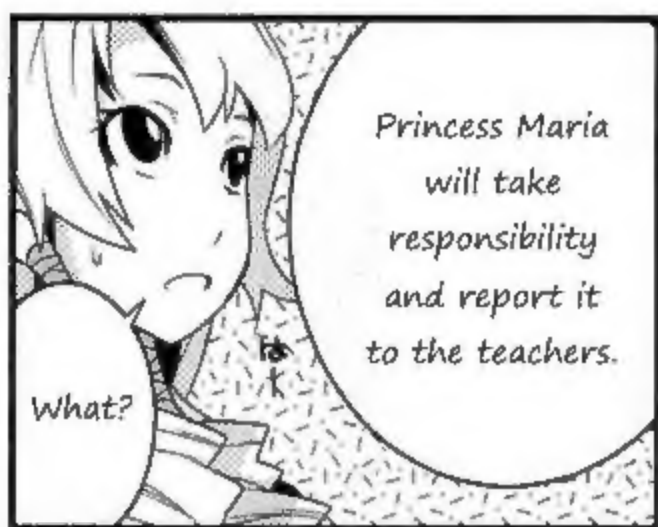

異世界の聖機師物語上

異世界の聖機師物語上

Kenshi and Chiaia
are missing and you are
having the time of your life.

Care to
explain why?

please let
me join
the fun.

If you'd
like to,

It seems
that it shines
because it
absorbs light.

I was
digging up
some rare
crystal.

What were
you doing at
the cliff in the
first place?

Because I
haven't seen
anything like
this.

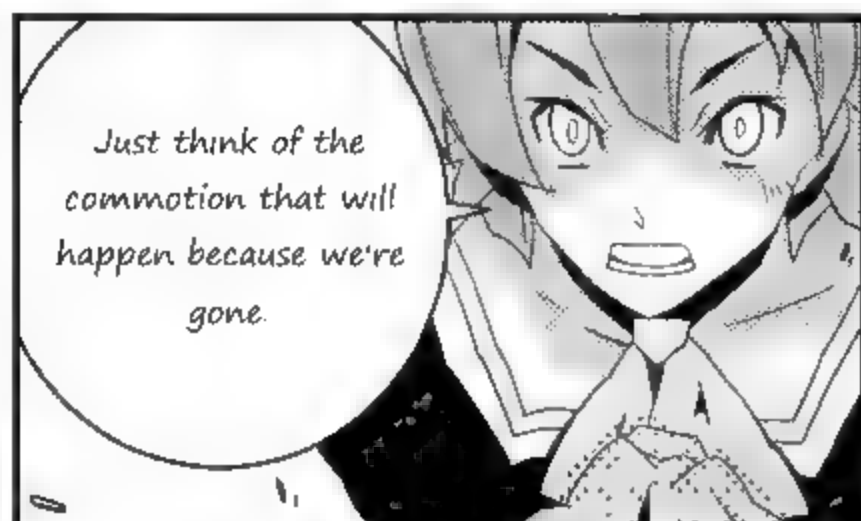

So you risk your
life for that thing?
Sigh

This is not
a joke!

Besides, that
place wasn't
that dangerous.

異世界の聖機師物語上

This cave
is really deep

Hmm

We've been
walking for
quite a while.

?

But it's still
better than
climbing up
recklessly

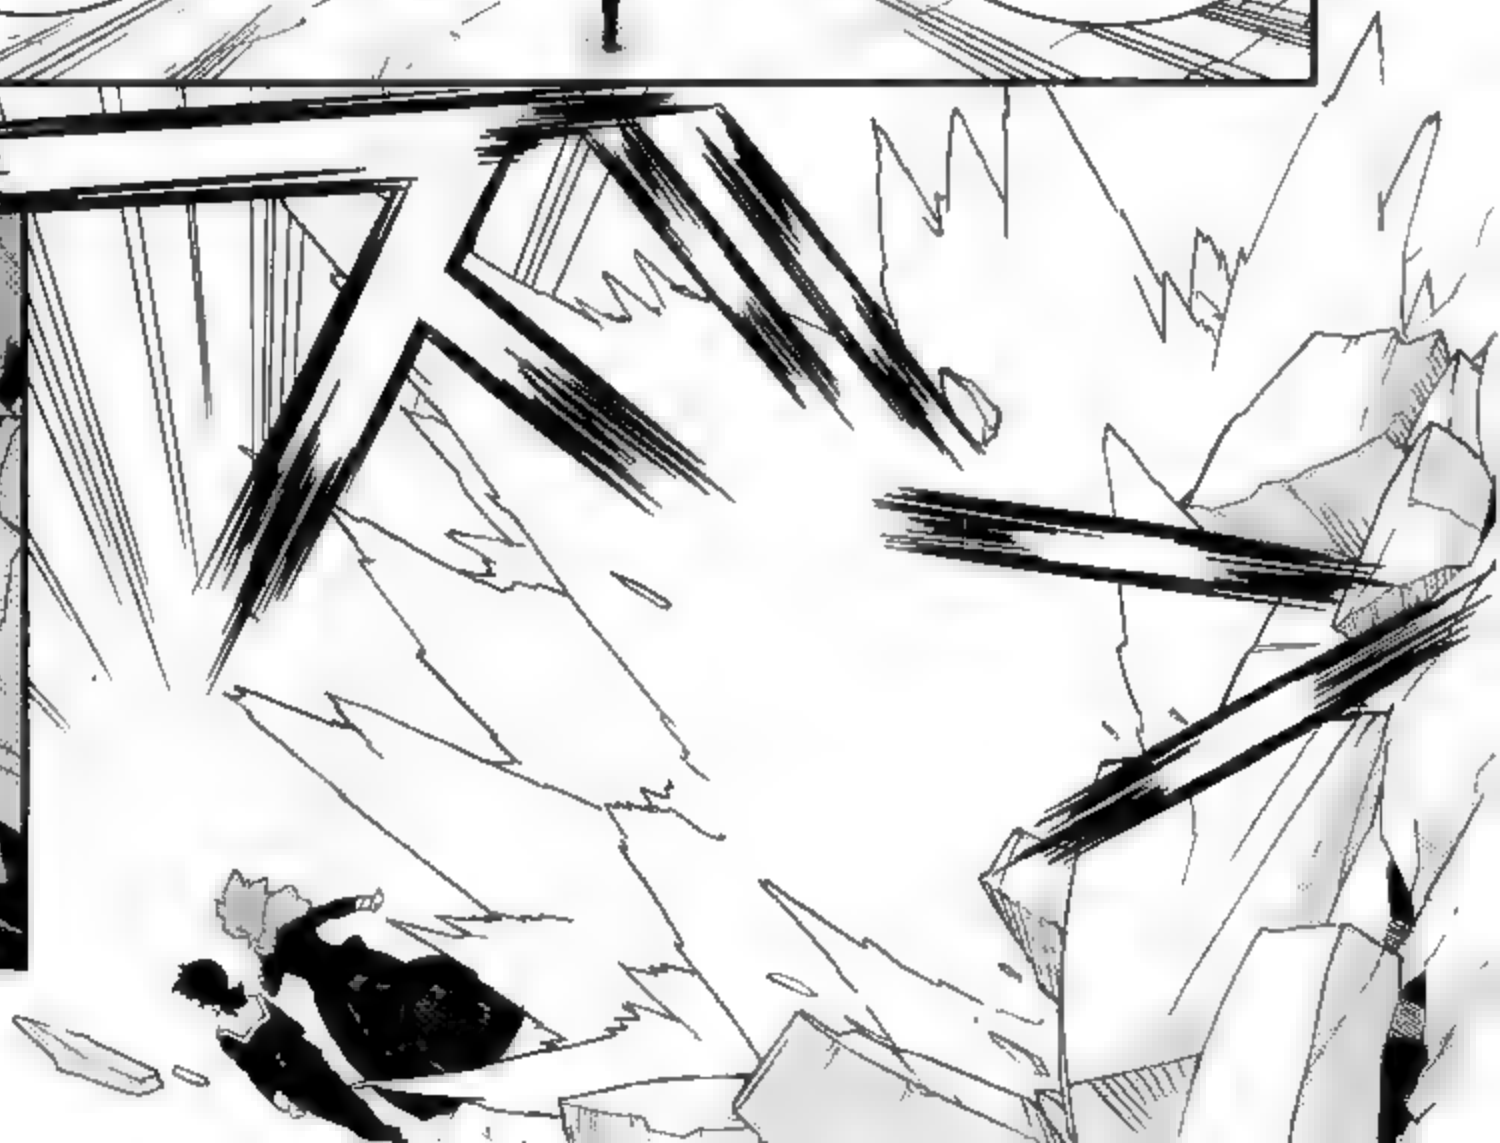

See?
I told you it
leads outside!

If I don't
say it out loud,
he'll

Chiaia,
look!

And
you had
to jinx it!

But this
monster looks
familiar

Chiaia,
you go ahead!

It's coming!

Is this a joke?
We have to run,
Kenshi!

What are you saying?
Please don't tell me
you're thinking of
going against it!

Hurry!
I'll take care
of this!

There's a chance that
it'll follow us outside
if we run away
together

Ugh!

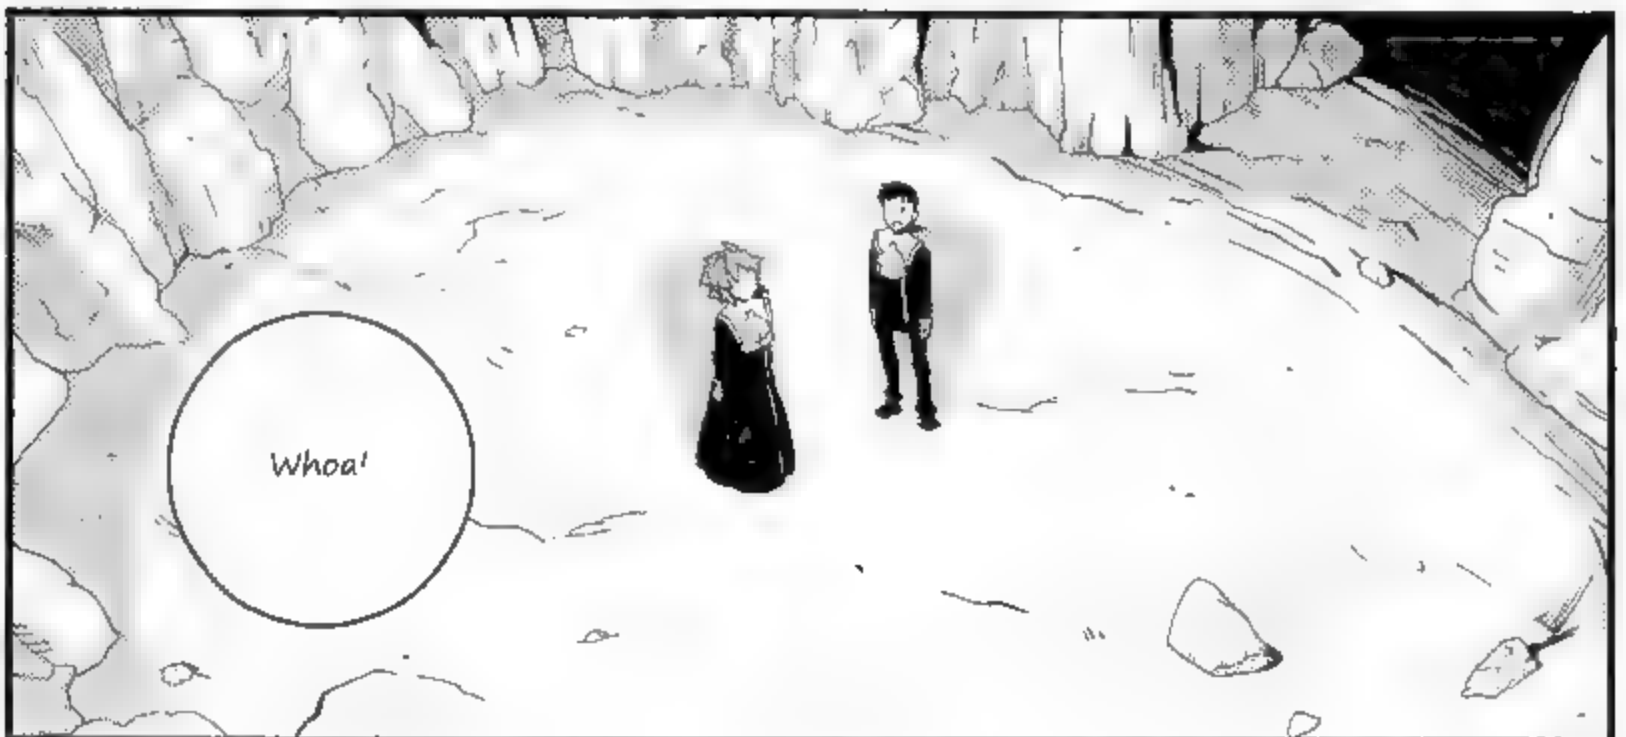

Don't do
anything
reckless!

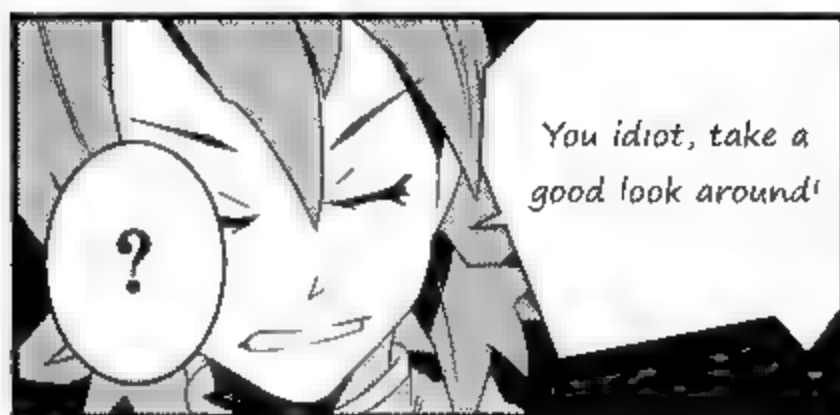

I'll call for
help, so buy me
some time!

I have
to hurry
and get
help!

異世界の聖機師物語上

I thought
you said
that wind
leads to
the outside!

I blindly
followed you!

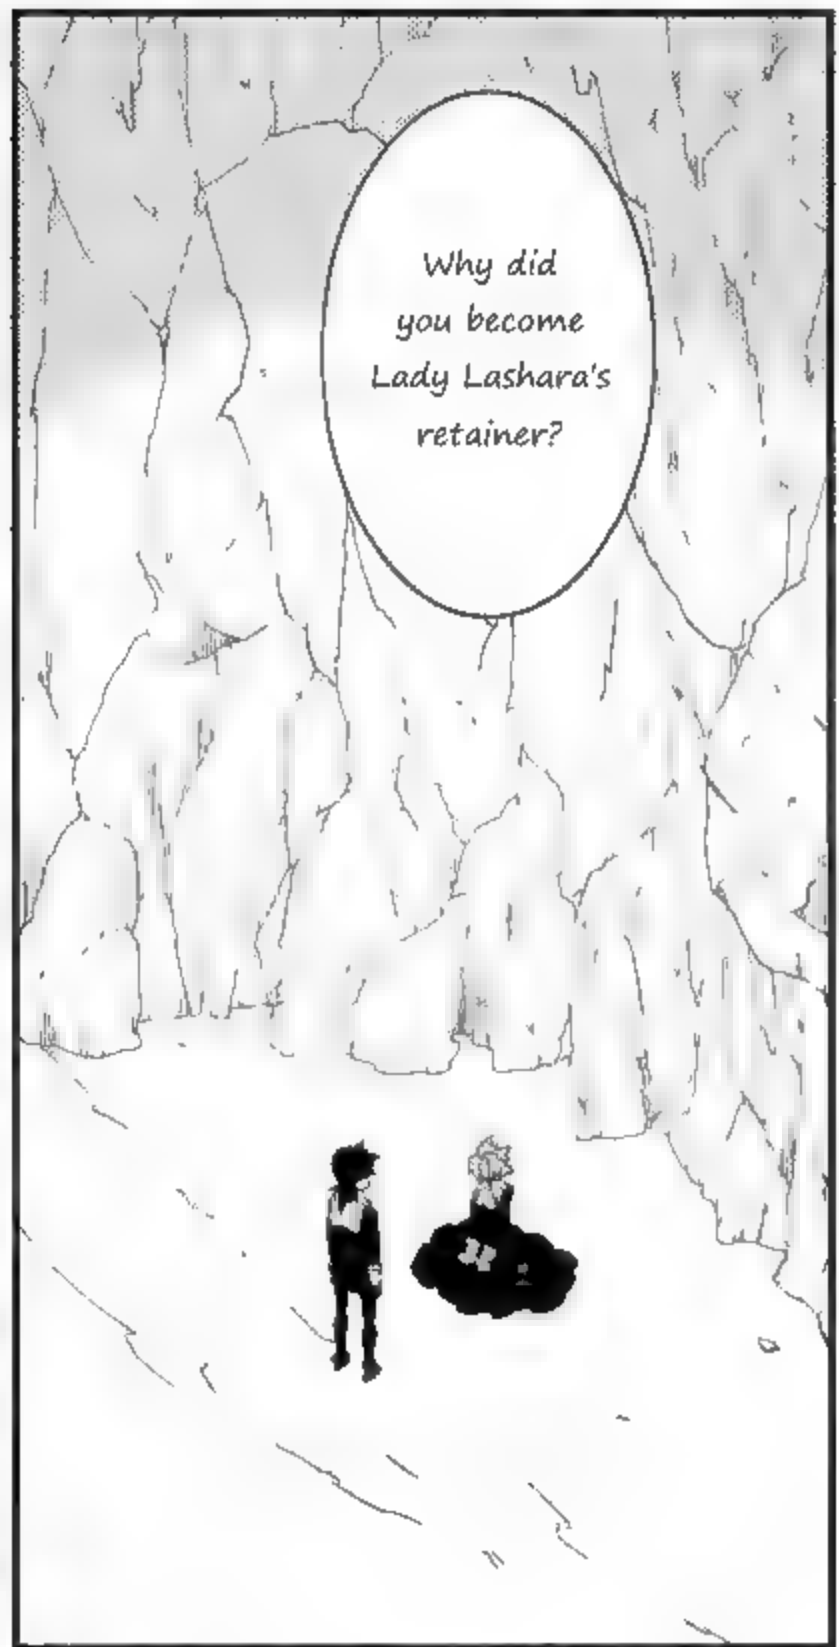

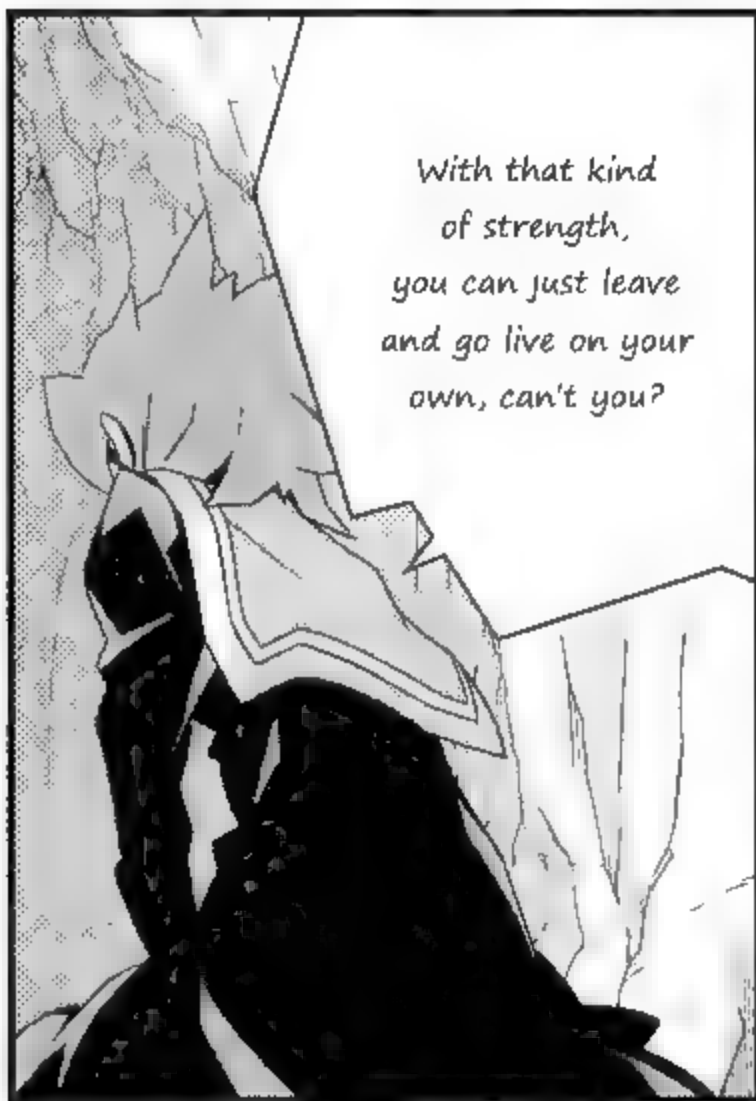

That's right
This is all my fault

I followed you
by my own will
even though I
tried to stop you
I also hopefully
believed on my own.

I'm the one
who fell and
got saved.

Ahahahaha!

Also if
I run away,
you'll get angry

I'm already shaking
just thinking about it

Kenshi is
too honest
for that.

There is no
way he's thinking
of running away
and getting revenge.

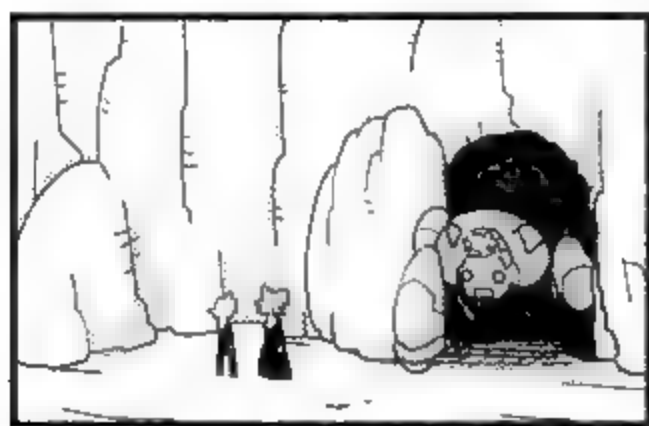

I'm such
an idiot
worrying
about it.

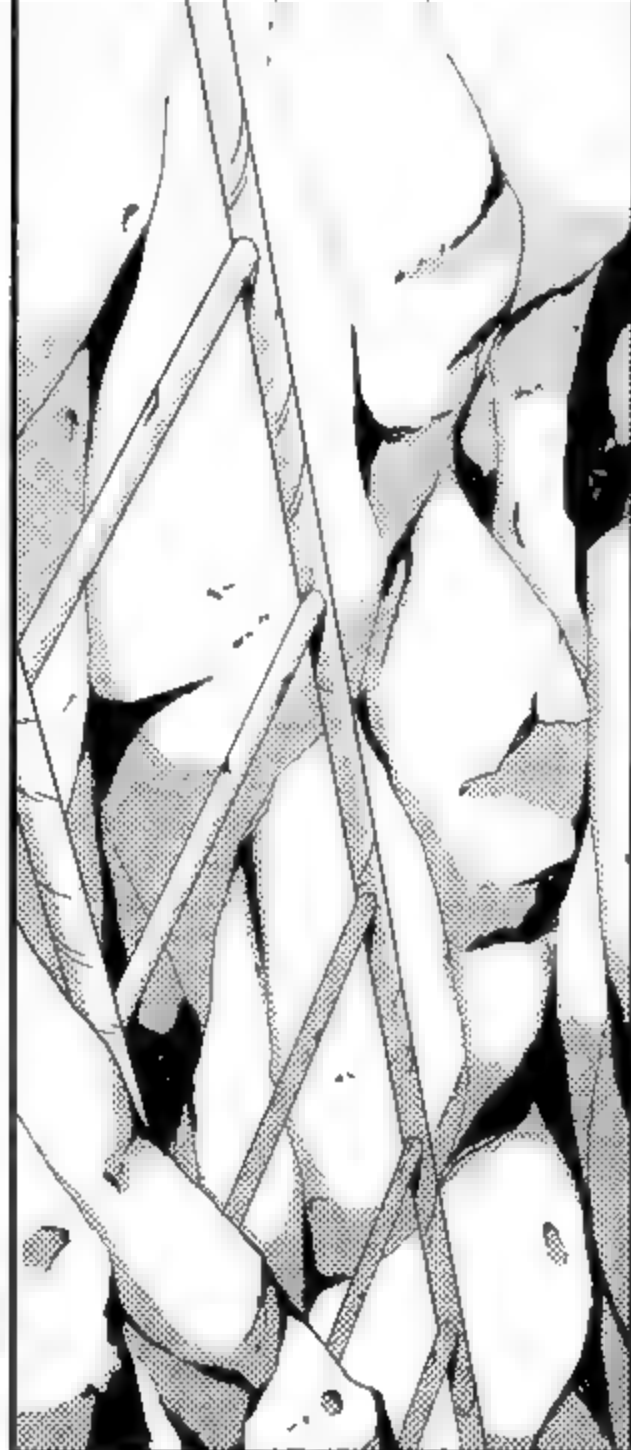

Sigh
What is this
boy saying?

I'm just
too doubtful
to think of
that possibility.

All
commotions
aside, we
have worried
you, Lady
Lashara.

Will you
calm down,
Chiaia?

*That
was fun!*

So in the end,
this happened
because I
nod off and
misunderstood?

Anyway,
everyone turned
out okay so it's fine.

I'm sorry
for the trouble
we've caused.

Alright?

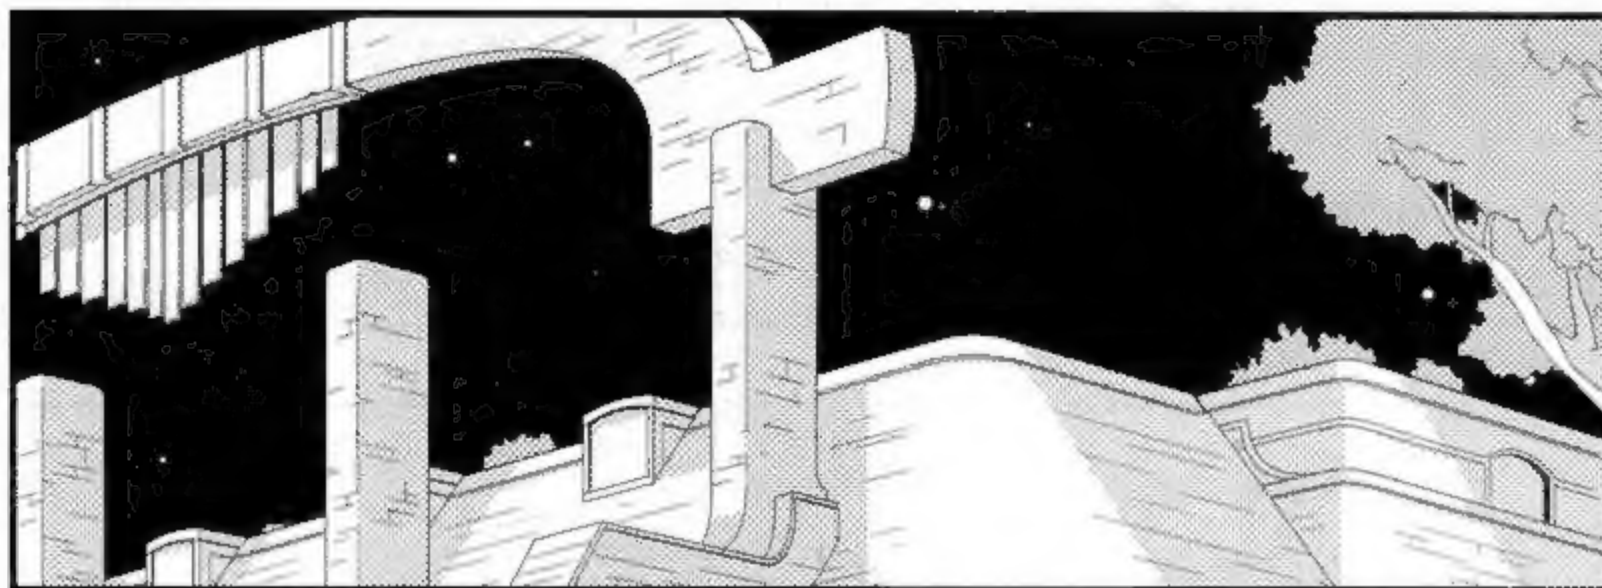

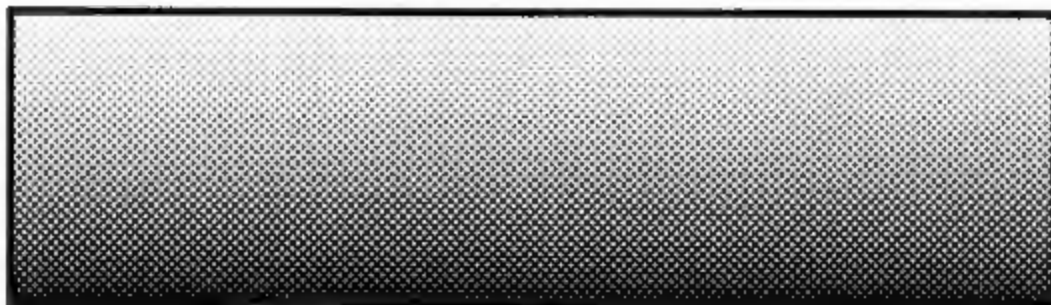

Y-yes!

Eek!

Just make
sure this kind of
blunder won't
happen again.
